my roommate in shanghai (and later in chengdu) turned out to be the buddhist convert on the plane
we highly recommend paladares in cuba
in the “coverage gap,” the mechanisms used by insurance companies to control utilization,
studies on rats demonstrated increased sex drive and aggressiveness
about it i don't think people use their kids for ginny pigs just for a check stop judging and be more

tiger was unionized but unstructured; fedex was non-union but bureaucratic

they are administered each hour in various doses according to the patient’s current condition.
